

# Romain Pellerin | Computer programmer

9 rue des réservoirs – 60200 Compiègne – France

☎ +33-7 85 25 71 64 • ✉ contact@romainpellerin.eu • 🌐 www.romainpellerin.eu

## Objective: a 6-month internship in software development for Autumn 2015

### Professional Experience

---

#### USEC

Compiègne

*IT Project Manager*

*September 2014 – present*

I'm in charge of projects related to software development. I help our clients specifying their need, in order to bring them total satisfaction until delivery.

- Writing official documents (quotes, specifications, customer agreements, etc)
- Management: I help students doing the requested tasks

#### Self-employed (*Auto-entrepreneur*)

Nantes

*Android and web developer*

*June 2013 – September 2014*

I developed the Android application and the website of the startup WHOWANNA

#### WhoWanna

Nantes

*Intern in software development*

*April 2014 – June 2014*

- I migrated data onto a "cloud" solution
- I updated the Android application (added some features, graphical update)
- I managed to change the languages used on the server: from PHP to Scala and from MySQL to PostgreSQL
- I wrote an internal documentation and set up a versioning system (Git)

#### IUT de Nantes

Nantes

*College project*

*October 2013 – March 2014*

Development of a streaming server on a Raspberry-Pi (group project). I carried out the server development (Tomcat/Java EE) and the Android application development (Java)

### Education

---

#### UTC

*Première année du cycle ingénieur (First year engineering student)*

*2014 – present*

Branche Génie Informatique, formation initiale (Computer science)

#### IUT de Nantes

Nantes

*DUT Informatique (Two-year core studies diploma in computer science)*

*2012 – 2014*

### Computer skills

---

**Languages:** Bash, C, Java (SE and EE), PHP, HTML, CSS, Javascript, Haskell (notions), Scala (notions)

**Modeling:** UML

**Databases:** Oracle, MySQL, PostgreSQL, Microsoft SQL Server (notions)

**Operating systems:** Windows XP/7/8, GNU/Linux (Debian)

**Tools:** Apache2, iptables, Fail2ban, OpenVPN, Git, Subversion

### Languages and other skills

---

**French:** Mother tongue

**English:** Good working knowledge

*Toeic 895/990*

**Other:** Knowledge in communication and business management

### Hobbies

---

I love to discover new languages and to share my knowledge. I often attend computer sciences meetings (DevFest, Web2Day). I am a fervent defender of **free software** and **open source**.

I've been playing the guitar for nine years. I workout with friends on my free time.
